- ❖ For self-healers & bulk purchasing consumers

Your Vibrant Life is our Passion

“Everything that you need to heal yourself has already been created for you. Medicine from *Earth’s Pharmacy* is the most viable and sustainable healthcare option we have. Consider what nature provides as the Divine affordable healthcare act!”

**~Thema Azize Serwa
Founder of The Womb Sauna™**

The Womb Sauna™ offers this wholesale purchasing program to allow for high quality, all natural products that can provide healing benefits at all levels—mental, physical, and spiritual. All of our products are blessed, handmade in the USA, packaged, and shipped to you with the powerful intention that all who use our products will know and experience the power of self-healing.

As a company we founded our products on the principle that all natural medicines, tools, and supplies should be affordable, of the highest quality, convenient, and easy to use. Enjoy being able to access our bulk selling options and may our products be a beautiful tool to support the much needed impact of holistic, 100% all natural medicines for all who need them and desire them. Thank you for partnering with us in the fulfillment of this mission.

Triple Potency Formula

ALL-IN-ONE FORMULATION

Combining Energy & Plant Based Medicine

Dried Herbs

Herbs are plant-based medicines that release oils, nutrients, vitamins, and minerals that provide safe, natural healing for the body. Plants have been the basis for medical treatments through much of human history, and such traditional medicine is still widely practiced today throughout the world.

Gemstone Essences

Gemstone essences are liquid preparations that contain the healing vibrations of particular gemstones, which are mineral rich. They release stress and tension and the body regains its natural state of balance, stability, and resistance to stress. Gemstone essences help us access the healing support of the mineral kingdom in a very efficient way through their ease and flexibility of application.

Flower Essences

Flower essences are a source of intelligent healing energy. They may be readily introduced into any health care program, and do not interfere with other forms of treatment, such as homeopathic remedies or prescription drugs. They may be safely used by people of all ages. The positive patterns of energy embodied in flower essences awaken dormant qualities of consciousness within us and stimulate the release of blockages to our spiritual evolution

Product Quality & Control

The Best Quality on the Market

•**Certified Organic**- Grown, harvested and processed without the use of pesticides, chemical fertilizers, herbicides, GMO's, synthetic chemicals, growth agents, and free from irradiation and chemical sterilization. All certified organic materials are certified through OTCO, a USDA accredited third party certification agency. (Certificates available upon request)

•**Wildharvested**- Items gathered from their natural environment, such as woodlands, prairies, deserts etc. All wildharvested items are taken to separate facilities for further processing. All wildharvested items gathered and contracted for our distributor must sign a preliminary "Wild Take Audit" to insure that materials are sustainably gathered with a no more than 10% take, and that the plants are re-seeded or roots are left to re-stock native populations.

•**Cultivated Without Chemicals**- Grown without the use of pesticides, chemical fertilizers, herbicides, GMO's, synthetic chemicals, and free from irradiation and chemical sterilization. Unlike materials sold as certified organic, our growers of these materials have not had their operations certified through a third party certification agency, but they have acknowledged the rejection of the aforementioned growing methods. All items listed as "Cultivated Without Chemicals" have been tested free from pesticide, organophosphate, and carbamate residues through our laboratory..

If you have an allergy or contraindication concern about using any particular herbs please e-mail the name of the herbs that you have a concern about and we will let you know if we use those herbs in any of our products and custom blend options are available if necessary for an additional cost. Our e-mail is info@thewombsauna.com.
