

THE WOMB SAUNA
Ancient Herbal Steam Medicine for Women

WOMAN'S CIRCLE OF *Empowerment*

**HELPING WOMEN ACCESS THEIR
POWER TO #HEALEVERYTHING**

Healing starts with a decision

To truly heal from the inside out, It requires a lifestyle shift.

The Womb Sauna is excited to create a community of women dedicated to healing. We are re-socializing the modern woman by changing the old stories of feeling alone, misunderstood, and isolated. Enrolling in this tribe is one of many steps that will transform your life. So often we know what we need to do, but we get stuck.

We try to do too much alone.

The Woman's Circle of Empowerment is an intimate, committed, in it to win it, group of women who create a covenant of trust and accountability.

- We unveil.
- We are present.
- We are diligent.
- We are supportive.

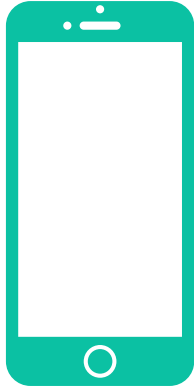

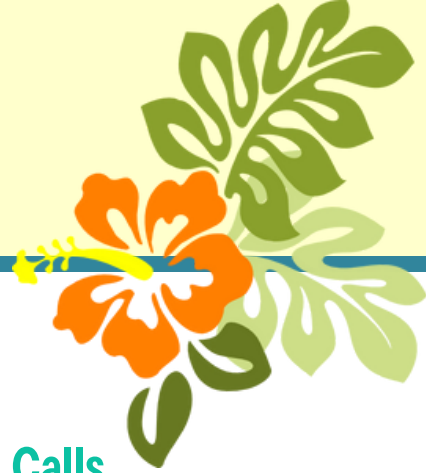

We heal. The Woman's Circle of Empowerment is founded on the principle that healing your womb, transforms your life. We are teaching women the power of what happens after "the pot": a womb sauna yoni steam experience. The more healing moments you have with support and accountability, the more empowered you become.

We are a community that nurtures and nourishes the mind, body, and spirit of women. Our curriculum is designed for your consistent, exciting, personal and social development.

Get ready to position yourself for an amazing journey with women just like you! We are living, being, and cultivating a legacy of feminine power, womb wisdom, and grace. Is it work? Yes. Will it change your life? Absolutely!

We welcome you!
